

**Winner** The Landscape & Garden Company

**Project** A private garden in London

**Client** Mr S Bromfield

**Designer** Jillyne Rickards

Client and designer saw eye to eye on the huge potential for this small back garden. Perfection and strong contrasts were musts for this total clearance project. Emerging from slate and limestone paving are acrylic screens with copper cladding, purple Acers and old-fashioned plants in crisp modern layouts. Millimetre-perfect jointing ensured upper-terrace slabs lined up with interior paving to ensure harmony of rhythm and balance.
